## Annual Report 1987

University of New Hampshire

## HISTORICAL NOTE

Last year we noted the beginning of our town, the origin of its' name, the charters and first settlers. This year we will note some of the many changes that have occurred.

The first census of the town was taken by John House in 1773, when he listed a total of 121 inhabitants. The population increased steadily over the next half-century until it reached its' peak in 1840 with a total of 769. During the next one hundred and twenty years the population declined steadily until it reached its' lowest point of only 91 inhabitants in 1960. We are gaining again in population with 290 inhabitants in 1986.

In the early 1800's the road were repaired in summer and broken in winter by those living on the section for which they were responsible. These were called Surveyors of Highways. In 1807, there were 12 appointed to this position. Men were paid 8¢ an hour for work on the highways that year.

Other officers elected or appointed that year, in addition to the Selectmen, were Moderator, Clerk, Collector, Bondsman, Constable, a Sealer of Weights and Measures, a Poundkeeper, Surveyor of Birch and Lumber, Fence Viewers and Hogreave. The Hogreave enforced the law, passed by the town in 1787, that hogs should not be allowed to roam at large from April 15th to the end of October. There was a fine of six shillings for each offense.

Changing times have eliminated the need for many of these officers.

# TOWN WARRANT

## The State of New Hampshire

*To the inhabitants of the Town of Dorchester in the County of Grafton in said State, qualified to vote in Town affairs:*

You are hereby notified to meet at the Town Hall in said Dorchester on Tuesday the 8th day of March, 1988, polls to be open for voting on Article 1 at 1:00 o'clock in the afternoon, and to close not earlier than 6:00 o'clock in the afternoon, with action on the remaining articles to be taken commencing at 7:30 in the evening.

1. To choose by nonpartisan ballot all necessary Town officers for the ensuing year.

2. Shall we adopt the provisions of RSA 80:58:86 for a real estate lien procedure. These statutes provide that tax sales to private individuals for nonpayment of property taxes on real estate are replaced with a tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes. (Article by petition).

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see if the Town will vote to establish a capital reserve fund under the provisions of RSA 35:1 for the purpose of purchasing town land and to raise and appropriate the sum of five thousand dollars (\$5,000.00) to be placed in this fund. (Majority vote required.)

5. To see if the Town will vote to raise and appropriate the sum of one hundred seventy-six thousand four hundred dollars (\$176,400.00) under a Community Development Block Grant for the purpose of housing rehabilitation contingent upon the receipt of the federal grant in like amount.

6. To see if the Town will vote to raise and appropriate the sum of thirty-five hundred dollars (\$3,500.00) for the purpose of funding a professional audit of the Town's financial record. (Recommended by the N.H. Department of Revenue Administration.)

7. To see if the Town will accept the recommendation of its representatives to the Pemi-Baker Regional Refuse Disposal Planning Committee and appropriate four hundred sixty-eight dollars (\$468.00) for the development costs associated with the District purchase of the Plymouth Incinerator/Recycling Facility and Rumney landfill site. The appropriation will be used to finalize the District Agreement, evaluate the hydrogeologic characteristics of the Rumney site, finalize the incinerator upgrade design and implement the recycling and transportation plan.

8. To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) for, and to support, the Plymouth Area Task Force Against Domestic Violence, a non-profit organization organized pursuant to New Hampshire Legislation, and partially funded by marriage license fees from the State of New Hampshire.

9. To see if the Town will vote to increase the Town Treasurer's salary from six hundred dollars (\$600.00) to eight hundred dollars (\$800.00).

10. To see if the Town will vote to raise and appropriate the sum of three hundred thirty-six thousand eight hundred ninety-nine dollars and forty-one cents (\$336,899.41) to defray town charges. (This amount includes the amounts raised in articles 4, 5, 6, 7, 8, and 9).

11. To see if the Town will amend Article #15, Section #3, of the 1986 Town Warrant the read: Issuance. The Chairman of the Board of Selectmen or an appointee of the Board of Selectmen shall be the permit officer and shall issue a building permit to any applicant only after all other applicable Federal, State and local permits, and class VI and private road releases, have been properly recorded and submitted to the permit officer.

12. To see if the Town will vote to adopt the provisions of RSA 31:05 to indemnify and save harmless for loss or damage any person employed by it and any member or officer of its governing board, administrative staff or agencies including but not limited to selectmen, school board members, city councilors and aldermen, town and city managers and superintendents of schools from personal financial loss and expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accident injury to a person or accident damage to or destruction of property if the identified person at the time of the accident resulting in the injury, damage or destruction was acting in the scope of his employment or office.

13. To see if the Town will vote to authorize the Selectmen to administer, lease, rent, sell and convey, or otherwise dispose of any real estate or mineral rights acquired by the Town by any Tax Collector's deed, and to authorize the Selectmen to sign the necessary and appropriate documents for such purposes. And in the event of a sale, any such sale shall be conducted by advertised sealed bids, negotiated private sale, public auction, or in any other manner which the Selectmen shall deem to be in the best interest of the Town.

14. To see if the Town will authorize the Selectmen to apply for, receive and expend federal and state grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any other governmental unit or private source to be used for purposes for which the town may legally appropriate money, (Majority Vote Required).

15. To act upon any other business that may legally come before said meeting. Given under our hands and seals this 17th day of February 1988.

Albert J. Franz  
Brian A. Howe  
Raymond E. Conkey  
Selectmen of Dorchester,

## Trustees of Trust Funds - Annual Report - 1987

The amounts of \$4,000.00 and \$10,000.00, totalling \$14,000.00, were withdrawn from both Highway Maintenance Equipment Funds for the purpose of purchasing and equipped a town truck, pursuant to Article 6 of the 1987 Town Warrant. The appropriate amount of \$1,000.00 was deposited in the Town Building Fund.

Upon request of the Trustees, the Selectmen are investing, through legal counsel, the possibility of combining the accumulated excess cemetery trust incomes through Cy Pres regulations.

Respectfully submitted,  
Patricia E. Franz

## AUDITOR'S REPORT

We, the undersigned, have examined the accounts of the Selectmen, Tax Collector, Treasurer, Town Clerk, Cemeteries, Library and Trustees of the Trust Fund and find them correctly and properly vouched.

Respectfully submitted,  
Cathy L. Cote  
Melissa M. Belair  
Auditors

## LIBRARY REPORT 1987

New books being added and improvements being made have continued at the Library throughout the year. More than 175 new books have been catalogued and put on the shelves. Of this amount, approximately half were donated, the rest purchased.

The Friends of the Library have maintained their high level of support. After new shelving was designed and installed by Jean Belair, members of the Friends painted the entry hall and purchased and installed new indoor/outdoor carpeting in the building. During their weekly craft meetings, this small group of novices undertook the task of making a quilt. This was raffled off in December and raised \$200.00 with which the Club will continue their projects and improvements for the Library. We thank the Friends for their continued support and contributions.

The hours for the coming year are Wednesdays, 1-3 p.m. and Saturdays 10 a.m. - 12 noon, biweekly. With the supply of books which we have on our shelves, we feel there is something for every reader. Come in and be pleasantly surprised. If we don't have what you want, talk to us about it. Help us to build the kind of Library that you, the people of Dorchester, want and will use.

Marima Belair  
Librarian

## REPORT OF THE PLANNING BOARD FOR 1987

There were twelve regular and one special meeting of the Planning Board during 1987, as well as a few work sessions.

Five subdivision applications were received including one for a resubdivision. There was also one application pending at the beginning of the year. The Board gave final approval or conditional final approval to four major and one minor subdivision. The one resubdivision was pending at the end of the year. Two applicants had not met the conditions of approval at the end of the year. The eventual effect of the approvals given will be to add 18 potential building sites to the town. One new dwelling has been erected and occupied on a newly created lot.

A public hearing was held in February on proposed revisions to the Subdivision Regulations and the amendments were adopted in April. In addition the Board commenced study of sample zoning ordinances and those adopted in some of the neighboring towns in order to be able to stay ahead of the needs of the town.

There was no change to the membership of the Board except that one alternate resigned and another was appointed and seated.

Respectfully submitted:  
Jean Belair, Chairman

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

### FOREST FIRE STATISTICS - 1987

Forest Ranger

## MASCOMA HOME HEALTH SERVICES

For nineteen years Mascoma Home Health Services has provided home and community health care. We have attempted to meet the needs of the residents of the communities we provide care to, but also to be circumspect in how resources were used to accomplish this goal.

The Maternal and Child Health Program grows each year as young families move into the area. Enrollment in the well child clinic, which is held monthly, was 181 this year, with a total of 314 clinic visits. The Dental Clinic, held twice yearly, made preventive dental care available to 120. The child health nurse made 57 home visits to newborns, and 90 home visits to follow-up care for other children. Three Parent Aides are now available to assist young mothers as well as Mother's Support Groups, which include group activities for the children. Thirty-one families and 55 children are or have been involved in the groups. A Pediatric Nurse Practitioner is available for consultation, counseling and also works in the other programs.

Other health promotion activities include Blood Pressure Clinics, at which 1240 readings have been made this year. Referrals are made for medical help if needed. At the Flu Clinic, 80 people received the vaccine and another 45 in their homes or at the office. In November of this year monthly Foot Care Clinics were started at the office in Canaan. Medical Equipment Loans and an Emergency Food Pantry are also offered. Supplies are donated by groups and individuals, otherwise this service would not be possible.

The visiting nurses, therapists, home health aides and homemakers have made 5400 home visits to 177 individuals and have traveled over 47,000 miles. It is this kind of care that has delayed and often prevented the need for institutional care, and allowed people to remain independent as we all like to be.

One of our most valuable resources are our volunteers. We have twenty-two, who do a variety of tasks in most of the programs and some transportation of patients. This year they have contributed over 850 hours.

Thank you for your continued support of the agency programs. Working together to provide quality care for the community is what we strive to do.

Respectfully submitted,

Janet G. Knight  
Executive Director

## UPPER VALLEY LAKE SUNAPEE COUNCIL

The Upper Valley Lake Sunapee Council is a public, non-profit voluntary association of towns and cities in the Upper Valley and Lake Sunapee areas. Our thirty-one (31) communities are in two states and five counties.

The Council consists of a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two representatives to participate on the Board of Directors. The Board elects officers, adopts the annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper-Valley Lake Sunapee Council is the official organization that brings towns and cities within our region together. By bonding together and pooling their resources, local governments have a highly trained, professional staff available to them for a wide variety of services. Areas of expertise include land use planning, master planning, economic and community development, water quality management, transportation, landscape architecture, housing, capital budgeting, historic preservation, downtown revitalization, solid waste planning, recreation and fiscal and environmental impact analysis. The Council also serves as a collective voice for these towns and cities in dealings with state and federal governments, thereby protecting and furthering the needs and interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, the Council:

- Prepared an updated Regional Plan
- Updated our Economic Profile, the primary source of economic and demographic data for our region
- Maintained our regional data base, including our role as a regional data center for the US Census
- Coordinated the efforts of and provided administrative assistance to the Upper Valley Solid Waste Management District
- Sponsored and helped organize the Upper Valley Household Hazardous Waste Collection Program
- Initiated efforts and successfully applied for start-up funding for a computer assisted mapping program
- Continued the regional historic preservation program
- Sponsored informational meetings on Water Resources Management Plans mandated for inclusion in local master plans under NH Chapter 167
- Provided an Economic Development Agent for Sullivan County to help retain and expand employment opportunities in the area
- Testified on several bills before the legislature, on Vermont Act 250 proposals and on state highway plans, distributed summaries of new and amended legislation and sponsored the NH Municipal Law Lecture Series
- Coordinated local municipalities, state agencies and private consultants as part of the Upper Valley Transportation Study

- Provided technical assistance to Advance Transit and County Coach
- Participated in a proposal to conduct a long range planning study of Route 11-103 corridor in Sullivan County
- Helped numerous communities and Sullivan County seek state and federal grant funds by providing technical assistance, and prepared successful grant applications bringing more than \$1.1 million to the region
- Sponsored an informational meeting on the Champlain Pipeline on behalf of our Sullivan County communities which will be affected
- Worked closely with the Upper Valley Community Land Trust, Society for the Protection of New Hampshire Forests, and Connecticut River Watershed Council to protect open space and conservation lands

The Council also provides specific services to cities and towns in the region. As requested by communities, the Council conducted a large number of impact studies concerning proposed developments, prepared amendments to local subdivision, zoning, site plan review, and earth excavation regulations and provided mapping, drafting and other technical assistance.

The Council has also been active in the Town of Dorchester during 1987. After preparing a successful \$176,400 grant application on behalf of the Town earlier this year, Council staff has begun to administer the housing replacement program which seeks to improve substandard housing conditions for 5-6 households in Town. It is expected that this program will be completed during 1988.

The Upper Valley-Lake Sunapee Council looks forward to serving your community during the coming year; please contact us whenever we can be of assistance.

## 1987 COUNTY NEWSLETTER

Budget for the current fiscal year is \$8,947,343. Town taxes to the County average 6.7% or \$2.21 per \$1,000, of the property owner's tax bill. The major portion of county expenses goes to the operation of the Nursing Home (39.69%) and to human services programs for the elderly, disabled, nursing care and children (26.86%).

REGISTRY OF DEEDS had gross income of \$3,630,159 in 1987. The total number of documents processed in 1987 was 29,983. \$3,184,982 was received in transfer tax, of which 96% or \$3,057,584 went to the State of NH and 4% or \$127,398 was retained as county income. Other receipts include recording and copy fees in the amount of \$445,177. Total income to the County was \$572,575 compared to a total of \$3,057,584 paid to the State, although the County is liable for 100% of all operating costs.

### HUMAN SERVICES:

Old Age & Disabled grant programs remain fairly constant with the elderly program averaging 100 cases at \$4,800 per month and the disabled averaging 225 cases at \$21,000 per month.

Intermediate Nursing Care caseload increased with SB-1 where the County became responsible for all INC cases and eliminated town liability. INC cases now average 225 at \$110,000 per month, a rapidly increasing cost to the counties with savings to the towns.

Children and Youth Services also became a county liability under Senate Bill 1, with counties reimbursing the State 25% for all child service costs. It is impossible to give accurate figures for child expenses, as they are rapidly increasing monthly. Current accounts reflect 130 to 150 cases costing from \$64,000 to \$75,000 per month. (At the beginning of this fiscal year, we had approximately 120 cases at about \$50,000 per month.) The County has 25% funding liability of child placement costs and we are taking an active interest in the needs of children in Grafton County.

Social Service agencies receive \$247,217 or \$4.03 per capita, to provide much needed services for home health, mental health, developmentally disabled, senior citizens transportation and nutrition and many other valuable programs.

**CORRECTIONAL FACILITY** is increasingly overpopulated, now averaging 58 inmates per day and frequently housing 60+. The current cost of operation is \$28.63 per inmate day. We have contracted with an architect to present design and cost for a 34 bed addition. Schematic designs and price estimates are expected by mid-January to go out for bid by late January with bid results due in by the end of February. Funding issues should go to the delegation and public in March with anticipated ground breaking in April.

**GRAFTON COUNTY NURSING HOME** for intermediate nursing care is licensed for 136 beds and is about 80% reimbursable. FY 87 cost per patient day was \$68.78 with \$58.87 reimbursed by Medicaid.

**GRAFTON COUNTY FARM** continues to be self-supporting and provides work for inmates as well as offering access for experimental agricultural projects. This is primarily a dairy farm with an average herd of 170, but also grows produce for the nursing home.

**GRAFTON COUNTY COMMISSIONERS** meet weekly on Wednesdays. We encourage public attendance and welcome facility tours.

We were deeply saddened by the deaths of Commissioner Arthur E. Snell, Dist. #2, and Commissioner Leonard Anderson, Dist. #3, early this year.

**GRAFTON COUNTY COMMISSIONERS:**  
Dorothy Campion-Corcoran, Chairperson  
Everett Grass, Clerk  
Betty Jo Taffe, Commissioner

## BIRTHS - TOWN OF DORCHESTER - 1987
